While it is the intention of American National Logistics, Inc. to do anything possible to service the needs of our customers, it is necessary to declare that wait times at shippers and receivers can no longer be without charge. After 2 HOURS from the time our drivers are on-site, checked in and ready to load/unload, detention will be charged at a rate of $60.00 per hour, in addition to the contracted freight amount.

To prevent unnecessary wait times at “First Come First Served” facilities, shippers and receivers should give windows for load/unload times, so that our drivers can service our customer’s needs and still be in compliance with the FMCSA Hours of Service Rules.

By assignment of freight to American National Logistics, Inc., you agree to the terms and conditions as set forth in this “Detention of Equipment” statement.
ACCESSORIAL CHARGES

Should any of these charges apply, agrees to pay in full based on the following scale. (All charges are in addition to any flat rate/rate per mile that is negotiated between shipper and carrier at time of tender.)

Estimated cargo value $____
